To Whom It May Concern:

This letter is written to confirm that the North Shore Table Tennis Club was hosting two National Coaching Certification Programs for Table Tennis in Vancouver in Summer 2016.

### **Coach Certification Pathway**

Last year March, the NSTTC hosted an Introduction to Competition Base Training Table Tennis course and it was very successful. The co-founder of the club, Luba Sadovska, attended the course as a coach in-training. She has pursued her certification in the mentioned context.

In July, Table Tennis Canada and the NSTTC hosted the Advanced Training of the Introduction to Competition workshop. Luba attended this workshop as a coach in training as well. She then completed the steps to her certification as a Comp-Int base and Advanced Table Tennis Coach with successful Certification.

### **Coach Developer**

In her pathway to becoming certified, Luba attended the generic Core Training and Locker training workshops offered by ViaSport BC and Coaching Association of Canada.

The second workshop that the NSTTC hosted in July was another Comp-Int Base Training where Luba took-part in the *co-delivery with Mario Potvin of Quebec*. Then she attended Certified Learning Facilitator workshop at Table Tennis Canada headquarters in Toronto with *Marles Martins, Master Learning Facilitator*. LF Training course emphasized the role and responsibilities of the Learning Facilitator and dates of the workshops were April 1-2, 2017.

Luba is a very dedicated club owner. She is also extremely committed to her coach certification and Learning Facilitator and Coach Evaluator certification pathways. North Shore Table Tennis Club (NSTTC) is a club that is very focused on player development with an emphasis on developing Table Tennis in schools in North and West Vancouver and other regions.

Table Tennis Canada is confident that the NSTTC, along with its co-founder, Luba Sadovska and other connections will form a very successful partnership for years to come. Both associations are keen on working closely together in the near future.

Please do not hesitate to contact me should you require more information.

Yours in sport ,
